1. Preamble

If you are under 18 (or the age of majority where you live), you will need permission from a parent or guardian to make a purchase on Trender.

Trender accepts several payment methods that may differ depending on your country of residence. We do not limit ourselves to a change in these payment methods over time.

Trender is not responsible for any fees established or commissions taken by your financial institution or your payment method provider. In some cases, we may allow you to pay by invoice.

Invoices will be sent to the email associated with your account.

You subscribe to virtual products. The license that allows you to use these virtual goods cannot be sold, exchanged, transferred or used outside of your Trender account.

You do not own, nor have any other right, title or other proprietary right to such Virtual Goods, regardless of what you offer or pay in exchange.

These products have no market value.

We give ourselves full authority over your virtual product at our own discretion and without justification

This product or license terminates when there is a problem with the renewal or when the license expires.

2. In-app subscriptions :

By using our in-app subscription services, you agree to these Terms and Conditions. Please read these conditions carefully before subscribing to a subscription.

a. Types of subscriptions :

We offer three different types of subscriptions, each with their own specific benefits. Please select the subscription that suits your needs during registration.

b. Payement, renewal and cancellation :

Payment, renewal, and cancellation of in-app subscriptions are handled by our payment service provider, Stripe. When you choose a subscription, you will be redirected to Stripe's secure platform to make your payment. Auto-renewal will be enabled by default, and the corresponding amount will be automatically charged to the payment method associated with your account at the end of each purchase period, depending on the subscription option chosen.

You have the option to cancel your subscription at any time before the next renewal date by accessing your account and following the appropriate instructions. Please note that subscription fees are non-refundable, but your access to subscription benefits will remain active until the end of the current purchase period.

c. Subscription duration:

You have the choice between annual or monthly subscriptions. Please select the desired subscription duration before proceeding to payment.

3. Subscription by subscription:

By subscribing to our subscription service, you accept these General Terms and Conditions of Sale. Please read these terms carefully before subscribing.

a. Personalized price:

The subscription by subscription offers the possibility for the user to set a personalized price. We are in no way responsible for the price or any changes.

b. Payment, renewal and cancellation:

The payment of your subscription by subscription is made via our own payment service. You will be redirected to our secure platform to make the payment. Auto-renewal will be enabled by default, and the corresponding amount will automatically be charged to the payment method associated with your account at the end of each monthly purchase period.

You may cancel your subscription at any time prior to the next renewal date by accessing your account and following the appropriate instructions. Please note that the subscription fee is non-refundable, but your access to subscription benefits will remain active until the end of the current purchase period.

c. Duration of the subscription:

The subscription by subscription is automatically renewed each month. It is not possible to subscribe to an annual subscription for this type of subscription.

4. General provisions:

Please note that any personal information you provide during registration and payment will be treated in accordance with our Privacy Policy.
